SUMMARY

We use a small number of cookies. Strictly necessary cookies keep the website working. Analytics cookies (Google Analytics) are set only if you accept them through our cookie banner. We do not use advertising cookies. You can change your choice at any time.

1. What are cookies?

Cookies are small text files placed on your device when you visit a website. They help the site work, remember your choices and tell the site owner how the site is used. Similar technologies, such as pixels, tags, local storage and software development kits, work in comparable ways, and we refer to them all as "cookies" in this policy.

Cookies can be "first-party", set by the website you are visiting, or "third-party", set by another organisation such as an analytics provider. They can be "session" cookies, which expire when you close your browser, or "persistent" cookies, which stay on your device for a set period or until you delete them.

2. Who is responsible

This policy applies to nabrel.com (the "**Website**"), operated by **Nabrel Limited** (company no. 17164581), London, United Kingdom, and **Nabrel L.L.C-FZ** (no. 2650462.01), Dubai, U.A.E. (together, "**Nabrel**", "**we**", "**us**" or "**our**"), who are joint controllers of the personal data collected through cookies. Our Privacy Policy explains how we handle personal data more generally and should be read with this policy.

3. Types of cookies we use

CATEGORY	WHAT IT DOES	CONSENT NEEDED?
Strictly necessary	Makes the Website work and secure, and remembers your cookie choice. The Website cannot function properly without them.	No
Analytics / performance	Helps us understand how visitors use the Website (pages viewed, time on page, approximate location, device and browser), so that we can improve it.	Yes. Set only if you accept.
Functional	Remembers choices you make, such as your language or region, to give you a more personal experience. We do not currently use these.	Yes, where not strictly necessary
Marketing / advertising	Used to show relevant advertising or measure campaigns across websites. We do not currently use these.	Yes

We do not currently use cookies for advertising or to build profiles for targeted marketing. If we introduce a marketing or measurement tool, for example the LinkedIn Insight Tag, we will update this policy first and will set it only with your consent.

4. Cookies currently in use

COOKIE	PROVIDER	PURPOSE	TYPE	DURATION
_ga	Google Analytics	Distinguishes unique visitors by assigning a randomly generated identifier	Analytics	Up to 2 years
_ga_ZWNWKG7KZW	Google Analytics	Maintains session state	Analytics	Up to 2 years
nabrel-consent (kept in your browser's local storage)	Nabrel	Records your cookie choice	Strictly necessary	Until you clear your browser data or change your choice
None found in our scan of 27 October 2026	Not applicable	We will repeat the scan on the live Website and update this table.	Not applicable	Not applicable

The names and durations above are those typically set by Google Analytics and may change. We review the cookies on the Website periodically and update this table to match.

5. Google Analytics

We use Google Analytics to measure how the Website is used. Google acts as our processor and may process analytics data in the United States and other countries; see the section on international transfers in our Privacy Policy. We keep analytics data for up to 14 months, and we do not use it to identify you individually or to send you marketing.

For more information on how Google uses data, see policies.google.com/technologies/partner-sites. You can also prevent Google Analytics from collecting your data by installing the Google Analytics opt-out browser add-on (tools.google.com/dlpage/gaoptout).

6. Social media and third-party content

The Website may link to our pages on social platforms such as LinkedIn and may in future include embedded third-party content. If you follow a link or interact with embedded content, the third party may set its own cookies and handle your data under its own policy, which we do not control. We recommend you read those policies. Embedded content that sets non-essential cookies will load only if you have accepted the relevant category.

7. The contact form

The contact form uses only cookies and similar technologies that are strictly necessary to deliver it securely, for example to protect against automated abuse. The information you enter is handled under our Privacy Policy.

8. Your choices

- **Cookie banner:** when you first visit, you can accept or reject analytics cookies, and both options are equally easy to choose. Analytics cookies are not set until you accept.
- **Change your mind:** you can change or withdraw your consent at any time through the "Cookie settings" link in the footer of the Website. We will ask you again after a reasonable period, and whenever we make a significant change.

- **Browser settings:** most browsers let you block or delete cookies, and some offer settings that signal your privacy preferences. Instructions are normally in your browser's help section. Blocking strictly necessary cookies may stop parts of the Website working.

Withdrawing consent does not affect the lawfulness of any use of cookies before you withdrew it.

9. Legal basis and regional information

United Kingdom and European Economic Area. Under the Privacy and Electronic Communications Regulations 2003 ("**PECR**"), the UK GDPR, the EU ePrivacy rules and the EU GDPR, non-essential cookies normally need your consent, and strictly necessary cookies do not. Recent changes to UK law allow some low-risk statistical cookies without prior consent in limited circumstances. We have chosen not to rely on that exemption: because we use a third-party analytics provider, we ask for consent for analytics cookies from all visitors, wherever they are.

United Arab Emirates and the wider Middle East and North Africa. We handle personal data collected through cookies in line with UAE Federal Decree-Law No. 45 of 2021 on the Protection of Personal Data and, where they apply, the data protection laws of the other countries in the region.

United States. We do not sell personal data collected through cookies, or share it for cross-context behavioural advertising. Because we ask for consent before setting analytics cookies, they are not set if you decline.

Asia-Pacific. We handle personal data collected through cookies in line with the data protection laws that apply to us in the countries of the region, including by providing notice and obtaining consent where those laws require it.

10. Changes to this policy

We may update this policy, for example if we change the cookies we use. The latest version will always be on this page, with the date updated above. If we add a new type of cookie that needs consent, we will ask for it before setting it.

11. Contact us
